SURVEY OF INDIA

MATTERS OF GENERAL INTEREST.

HISTORY.

Prior to 1802, the date of the measurement of Lambton's Madras base line, when the Indian Government Survey began to assume a more scientific character, such Indian Topographical Surveys as existed were the result of reconnaissances, many of them merely route sketches undertaken to assist or illustrate military operations.

2. In 1821 the preparation of a quarter-inch map known as the Atlas of India was planned to cover the whole of the country in 177 sheets, each measuring 38 inches \times 24.4 inches and the first sheet was engraved and published in England in 1827. The sheets were compiled and drawn in India and engraved in England until 1867, when the inconvenience of the arrangement led to their being engraved in India after that date. Shortly before this it had been found necessary to reduce the size of the sheet in order that publication might follow Survey within a reasonable period and since 1861, the Atlas has been prepared in sheets one quarter the size of those originally projected.

The price of the full size Atlas sheet is Rs. 2 and that of the quarter sheet As. 12.

3. From 1847 till 1883 the publication of the results of the various Topographical, Revenue and Cadastral Surveys on scales larger than one-inch to four miles followed no systematic plan. Detached surveys were executed and the resulting maps generally on the scale of one inch to the mile formed separate series, the sheets conforming not to projected limits of latitude and longitude but to those of areas of administration or survey. Thus in some cases the maps were published by districts, and in others (e.g. :— in the case of maps compiled from Revenue Surveys) by Main circuits, or

blocks of the traverse framework on which the survey was built up.

4. In 1883 the topographical maps of India on the one-inch and larger scales were standardised and standardised. They were divided off into sections of 30 minutes of longitude \times 15 minutes of latitude, and each Province was given its own series of numbers.

The price of the old style one-inch maps is Rs. 1-8 or Rs. 2-8 if with hand or machine printed colouring.

5. In 1905 a systematic scheme for the publication of the maps of India in colours was accepted. The long deferred adoption of the true longitude of Madras, viz., $18^{\circ} 14' 54''$ east of Greenwich was decided on for all Indian maps, and this value is less than that used for the old maps by $2' 27.18''$; so that there is a gap of $2' 27.18''$ between the eastern margin of a sheet published in the old style and the western margin of a modern sheet.

This is inconvenient but the correction to the longitude was essential and unavoidable if the Indian Surveys were to join up accurately with those of other countries.

THE NUMBERING OF MODERN MAPS.

6. Under the 1905 scheme the whole of Southern Asia between meridians 44° and 124° east of Greenwich and between Parallels 4° and 40° north latitude is divided up into sheets of 4° latitude \times 4° longitude on the scale of $\frac{1}{1,000,000}$ called 1 Million or $\frac{1}{M}$, the sheets being numbered downwards in strips consecutively from the North West.

Each Indian $\frac{1}{M}$ sheet is divided into 16 sheets of 1° of latitude \times 1° of longitude, on the quarter-inch to one

mile scale, known as Degree Sheets and lettered from A to P.

Each quarter-inch or Degree Sheet is in its turn sub-divided into 4 half-inch to the mile sheets of 30' of latitude \times 30' of longitude known as Half-Inch sheets and lettered N. W., N. E., S. W., S. E.

Each quarter-inch or Degree Sheet is also sub-divided into 16 one-inch to the mile sheets of 15' of latitude \times 15' of longitude numbered from 1 to 16.

The following diagram explains the numbering:—

Example—Thus:—

- (1) the $\frac{1}{1,000,000}$ sheet which includes Delhi is 53.
- (2) the Degree sheet which includes Delhi is 53 H.
- (3) the Half-inch sheet which includes Delhi is 53 H-N. W.
- (4) the One-inch sheet which includes Delhi is 53 H-2.

The modern maps on the above scales are of one uniform size, viz., 24 \times 19 inches.

Fragmentary sheets including less than one-third of the area of the sheets are priced at half-price.

TOPOGRAPHICAL MAPS.

7. The scale normally adopted for the publication of Indian Topographical maps from modern surveys is the scale of one-inch to the mile.

Compilations are usually made from reductions of this scale to form the smaller scale maps of the half-inch to one mile series and quarter-inch to one mile or Degree Sheet series; but in the less highly developed parts of the country the half-inch scale has been adopted as the scale of survey and publication and in some remote parts the quarter-inch scale.

8. The maps on the one-inch, half-inch and quarter-inch series from modern surveys are being published in colours, viz., black for outline and lettering, blue for water forms, red for roads and sites, yellow for outlivation, green with green ribands for wooded areas, brown for contours, cliffs, broken ground, sand, etc., and grey for hill shading. (On the quarter-inch scale there are certain exceptions to the above colouring, viz., the sites are in black instead of red, the yellow for cultivation is omitted and the green riband for wooded areas only is shown.)

The hills are represented by means of contours in brown at the following intervals:—

50 feet interval on the one-inch scale.

100 " " " " half-inch scale.

500 " " " " quarter-inch scale.

Shading is added to emphasize the more important ranges and spurs.

9. The above maps on the one-inch, half-inch and quarter-inch scale are published in a "Political" edition which is so called because the maps have the Political (or administrative) boundaries printed on them in ribands of colour, though this was not done in the case of some of the earlier issues.

On the quarter-inch scale a "Layered" edition is also published on which altitudes are shown by graduated layers of colours but the administrative boundaries are omitted.

10. Pending the completion of modern topographical surveys certain maps on the one-inch, half-inch and quarter-inch scales are being brought out from old surveys or from new and old surveys compiled and arranged to conform in size to the maps from modern surveys.

These maps have been classified as "Preliminary" editions when published in colours; and "Provisional Issues" when published in black or black and brown only.

The revised price of maps in the "Preliminary" edition is Rs. 1-8-0 each, and that of the "Provisional Issues" Re. 1 each.

Colour ribands to administrative partitions can be added by hand to the "Provisional Issues" at an extra charge of 8 annas per sheet.

Hand-colouring is not however recommended in the case of large or urgent demands.

GEOGRAPHICAL MAPS.

11. The series of Survey of India sheets on the scale of $\frac{1}{1,000,000}$ or approximately about 16 miles to one-inch is published in colours, viz., black for lettering, blue for water forms, red for roads and sites. The hills are

CATALOGUE OF MAPS.

shown by contours supplemented by hill shading. Two editions are published of each sheet completed from modern material, viz., (a) **Political** with colour ribands along boundaries to show the Political or administrative partitions and (b) *Layered* with graduated layers of colour to show altitudes. The revised price of each sheet is Rs. 1-8-0.

In cases where modern material is not available **Provisional Issues** are printed in black and brown only, price Re. 1 per copy.

12. In addition to the Survey of India series of maps on the $\frac{1}{1 \text{ Million}}$ scale, an International series of $\frac{1}{1 \text{ Million}}$ sheets is being also undertaken by the Survey Department to meet the views of an International committee which assembled in London in November 1909 under the auspices of His Majesty's Government. This series is known as *La Carte Internationale du Monde* and the maps differ in size from the ordinary Survey of India $\frac{1}{M}$ sheets as they include $4^\circ \times 6^\circ$ of latitude and longitude instead of $4^\circ \times 4^\circ$ and they also adopt the metre as the unit of height instead of the foot. The series is being produced as a special series in addition to, and after the production of, the corresponding sheets of the Indian series in conformity with the symbols, etc., of the International committee and to include items of interest to International geographers. Only one edition is printed in colours with contours and graduated layer tints to show altitudes. Price Re. 1-0-0 per sheet.

13. From the $\frac{1}{1 \text{ Million}}$ sheets a series of maps is being compiled on the scale of $\frac{1}{2,000,000}$ (or about 32 miles to one inch). These maps each comprise 12° of longitude and 8° of latitude and are published in both the Layered and Political editions. The series is called the Southern Asia Series and the price is Rs. 3-0-0 per sheet.

GENERAL AND SPECIAL MAPS.

14. To meet various requirements a series of general maps of India have been compiled on scales ranging from 32 miles to 192 miles to the inch as follows :—

- (a) Scale 1" = 32 miles in 12 sheets measuring about 7 feet square in all.
- (b) Scale 1" = 64 miles in one or two sheets measuring about 3 feet square in all.
- (c) Scale 1" = 128 miles in one sheet measuring about 24 inches square.
- (d) Scale 1" = 160 miles in one sheet measuring about 18 inches square.
- (e) Scale 1" = 180 miles in one sheet measuring about 14 inches square.
- (f) Scale 1" = 192 miles in one sheet measuring about 12 inches square.

A series of special maps, of Provinces, of Districts, of Cities and Cantonments, of Miscellaneous maps and of Index charts are also published on various scales.

Particulars of the **General** and **Special** maps, etc., will be found detailed elsewhere in the Catalogue.

FOREST MAPS.

15. All Forest maps are stored and sold by the Officer in Charge, Forest Map Office, Dehra Dun. These maps are published on the scales of 4 inches and 2 inches to the mile.

THE SALE OF MAPS.

All maps published by the Survey of India are available for sale to the various Departments of Government and to the Public. **Maps are not issued free.**

HOW PAYMENTS ARE MADE.

Supplies made to Government Departments are adjusted by book-transfer and no cash payment is required (*vide* para. 96, chapter 6, volume I, of the Civil Account Code); but when the adjustment of the account by book-transfer is not feasible, a settlement of the account may be made in cash.

Supplies to the Public are ordinarily made V. P. P. but when mounted maps are ordered a remittance must accompany the order, and mounted maps once supplied cannot be received back into stock.

Cash payments may be made by Money Order, by Remittance Transfer Receipt or by *uncrossed* cheque. Cheques on banks outside Calcutta should have added to the amount the usual commission charges.

POSTAGE AND PACKING CHARGES.

Postage and packing charges are to be borne by the purchaser. Maps are ordinarily sent by parcel post but may be sent in any other way convenient to the purchaser.

MAP MOUNTING.

When any maps are required to be mounted the style of mounting required should be given. Experience has shown that the following styles meet all requirements :—

Styles of Map Mounting.

- Style 1. Mounting on cloth only.
- 2. Mounting on cloth and folding (without dissections), with stiffeners (limp covers).
- 3. Mounting on cloth and folding (with dissections), with stiffeners (limp covers).
- 4. Mounting on cloth and fitting on rollers as a wall map, varnished.
- 5. Mounting on cloth and fitting on rollers as a wall map, unvarnished.

NOTE.—Maps can be mounted either singly, or several sheets can be joined together and mounted in any of the above styles. Thus, maps on one scale covering a particular district or area can be made up as one map from a combination of sheets joined together and mounted on cloth.

Styles 2 and 3 can also be provided with stiff cardboard covers (cloth bound) for (a) Foolscap size Re. 1 extra and (b) smaller than Foolscap 8 As. extra.

Charges for Map Mounting.

The charges for map mounting vary from time to time according to market fluctuations in the value of materials.

The *present* cost of mounting a modern map size 24×19 inches or 3½ square feet in style 1, is 14 annas; style 2, 15 annas; style 3, Re. 1; style 4, Rs. 1-12; style 5, Rs. 1-10.

The cost of mounting an old map size 40×27 inches or 7½ square feet in style 1 is Rs. 2; style 2, Rs. 2-2; style 3, Rs. 2-4; style 4, Rs. 3-8; style 5, Rs. 3-4.

Estimates for mounting any special map are furnished on application.

HOW TO ORDER MAPS.

In ordering maps care should be taken to specify,

- (I) The number of the sheet and
- (II) Its scale.

No special order form is necessary except for Government officials whose attention is drawn to the form of Indent (No. O-57) on pages 6 & 7 of Catalogue.

In ordering maps by telegram a post copy of the telegram should always be sent in confirmation to obviate mistakes and consequent delays.

AGENTS.

Maps may also be obtained from the following agents:—

London.

EDWARD STANFORD, LTD., 12-14, Long Acre, W.C.

India.

THACKER, SPINK & Co., No. 3, Esplanade East, Calcutta.

NEWMAN & Co., 3, Old, Court House Street, Calcutta.

The Punjab Religious Book Society Lahore.

BURMAN & Co., Muzaffarpur.

THACKER & Co., LTD., Bombay.

D. B. TARAPOREVALA, Sons & Co., Bombay

HIGGINBOTHAMS LTD., Madras.

THE CURATOR, GOVERNMENT BOOK DEPOT, Burma, Rangoon.

THACKER, SPINK & Co., Simla.

COCKBURN AGENCY, Srinagar, Kashmir.

NOTE.—Agents cannot issue maps on the Government or Public Service unless they are paid for in cash.

SUPPLY OF MAPS TO THE MILITARY.

INDIA ARMY ORDER BY HIS EXCELLENCY THE COMMANDER-IN-CHIEF.

No. 1029,

Dated 20th September 1921.

The following instructions regarding the provision of maps for training purposes are published for information and guidance.

These instructions will supersede those given in Training and Manœuvre Regulations Indian Supplement, 1913, Section 23, Maps, which should be considered as cancelled.

- (1) General as well as topographical maps of India are obtainable from the Officer in Charge, Map Record and Issue Office, 13, Wood Street, Calcutta, on payment.
- (2) For training and manœuvre purposes maps on the scales of 1 : 1,000,000, quarter-inch, half-inch and one-inch to the mile only on Japanese paper with stiffeners and numbered on the outside cover, can be obtained at the special all round military rate of 12 annas a copy, provided a countersigned indent in form No. O-57 or O-57 (a) is submitted and one month's notice is given for large orders.

All other maps supplied will be charged for at full rates.

- (3) The policy that the ½" scale map is suitable for war purposes having been accepted, the preparation of a series of maps on this scale has been taken in hand, and as these maps become available, they will be utilised for peace training.
- (4) For the normal training in field work of unit quartered at defended posts, these half inch maps will be used when available; but for training of the garrisons in their duties in connection with the defence of their posts, the use of the larger scale maps up to the one-inch scale is allowed.
- (5) For certain selected areas special Artillery Practice maps on the three-inch to one mile scale have been prepared.

Corrigendum.—Reference para. (2) above—the special Military rate for half-inch sheets is now Rs. 1-8-0.

CATALOGUE OF MAPS.

- (6) Maps on linen are no longer published and Japanese paper is now used for training and manoeuvre purposes without a linen backing. When maps on this paper are not available, ordinary rag litho paper copies will be supplied in lieu. If, however, the latter are required mounted on linen the charges for mounting are extra for which estimates can be furnished.
- (7) The preparation and production of special maps will not be undertaken by the Surveyor General, except at the request of the Chief of the General Staff to whom all demands should be addressed. Such maps will not be supplied at the reduced rate and should only be asked for under very exceptional circumstances.
- (8) Catalogues and index sheets are obtainable from the Map Record and Issue Office and should be consulted to see if maps on particular scales are available before indents are sent in for maps.
- (9) Maps, mounted or unmounted, that are once supplied cannot be received back or exchanged for others by the Map Record and Issue Office, whether ordered in error or not.
- (10) All Indents for maps should be made in the indent form No. O-57 "ordinary maps" or O-57 (a) "For official use only" maps and not by telegram, except in cases of emergency when a copy of the telegram should invariably be sent by post in confirmation in lieu of an indent.

NOTE.—All indents for Maps must show the Name of the Account's Office to which the payment is rendered, for adjustment.

If this information is omitted, the indent will not be attended to.

Old Nos. O.-38 & O.-38a).

INDENTS IN DUPLICATE ARE NOT REQUIRED.

INDENT NO. _____ dated _____

192, on the MAP RECORD AND ISSUE OFFICE, CALCUTTA for MAPS,
FOREST MAP OFFICE, DEHRA DUN

NOTE.—All Indents for special Forest Maps should be sent to the Officer in charge, Forest Map Office, Dehra Dun.

All indents for all other maps should be sent to the Officer in charge, Map Record & Issue Office, 13 Wood Street, Calcutta.

DESCRIPTION OF MAPS.

Full details, such as sheet numbers, &c., should be given.

If any of the maps ordered are (1) to be mounted (various styles are detailed overleaf) or (2) to have boundaries coloured, or (3) to have any other hand colouring, give full details in this column.

Scale.

Number of
sheets
required.

INSTRUCTIONS FOR DESPATCH.

SPECIFY:—(1) the name or designation and the FULL address of the officer to whom these maps are to be sent ;
and (2) if they are to be sent by post, or by passenger train, or by goods train.

(Do not give abbreviations which only lead to mistakes.)

INSTRUCTIONS FOR PAYMENT.

(Complete all necessary details in one of these columns
and strike out the other.)

<p>If the maps ordered are required on the public service, and if the cost is to be adjusted by BOOK-DEBIT, give the name of the Account Office to which the Invoice will be rendered.</p>	<p>If the maps ordered (whether required on the public service or not) are to be supplied on CASH PAYMENT state if they should be sent by V. P. P. or with a cash bill.</p>
--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------

If the maps ordered (whether required on the public service or not) are to be supplied on CASH PAYMENT state if they should be sent by V. P. P. or with a cash bill.

by (

Can

RECOMMENDED.

Countersignature of approving authority.

This is only necessary in the case of maps to be supplied on the public service by book-debit, and then only if the Indenting Officer is not an officer who is authorised (*vide* list on the back of this form) to indent for maps direct.

Signature of Indenting Officer.

STYLES OF MAP MOUNTING.

Style 1. Mounting on cloth.

- .. 2. Mounting on cloth and folding (without dissections), with stiffeners (limp covers).
 .. 3. Mounting on cloth and folding (with dissections), with stiffeners (limp covers).
 .. 4. Mounting on cloth and fitting on rollers as a wall map, varnished.
 .. 5. Mounting on cloth and fitting on rollers as a wall map, unvarnished.

NOTE.—Maps can be mounted either single, or several sheets can be joined together and mounted in any of the above styles.

CHARGES FOR MAP MOUNTING.

The charges for map mounting vary from time to time according to market fluctuations in the value of materials. Estimates of such charges can be given, if desired.

COLOURING OF BOUNDARIES.

An extra charge is made for any hand-coloured copy, or copy on which colour ribands only are required to emphasize boundaries.

List of officers authorised to submit indents for maps required on the public service which are to be supplied on book-debit.

CIVIL.

Revenue	Commissioners of Divisions.*(2)	Forest	Provincial Conservators, and Deputy Conservators of Forests.*(1)
	Deputy Commissioners and Settlement Officers in Burma.		Officer in charge of Forest Divisions in Burma.
Judicial	Financial Commissioners, Punjab and Burma.	Geological	Director, Geological Survey
	Settlement Commissioners.	Archæological	Director General of Archæology in India.

	Directors at Army Headquarters.		Officer in charge, Marine Survey of India.
	Commandant, Staff College.		Port Officer, Bombay.
	Commandants, all Schools of Instruction, including the Signal Service Depot and Training Centre.		Port Officer, Calcutta.
	Director General of Ordnance.		Port Officer, Karachi.

* and officers holding staff appointments not below that of 1st Grade Staff Officers.

INDEX TO THE SHEETS OF THE
SOUTHERN ASIA SERIES
ON THE TWO MILLIONTH SCALE

REFERENCE.

Sheets of which both POLITICAL and LAYERED editions have been published.
Unpublished sheets.

Scale 40,000,000
Miles 20 0 20 40
Inches 1 2 3 4

The E. portions of MESOPOTAMIA and NAID sheets
have been published for the present as OUTRIGERS to
N & S PERSIA sheets respectively.

NOTE.

Maps of the Southern Asia Series are obtainable from the Officer in charge, Map
Record & Issue Office, 13 Wood Street, Calcutta, at Rs. 3 a copy.

(Corrected to 1st January 1923)

EXPLANATION.

Sheets of both the POLITICAL and LAYERED editions are printed on several
hill features being shown by contours and shading.

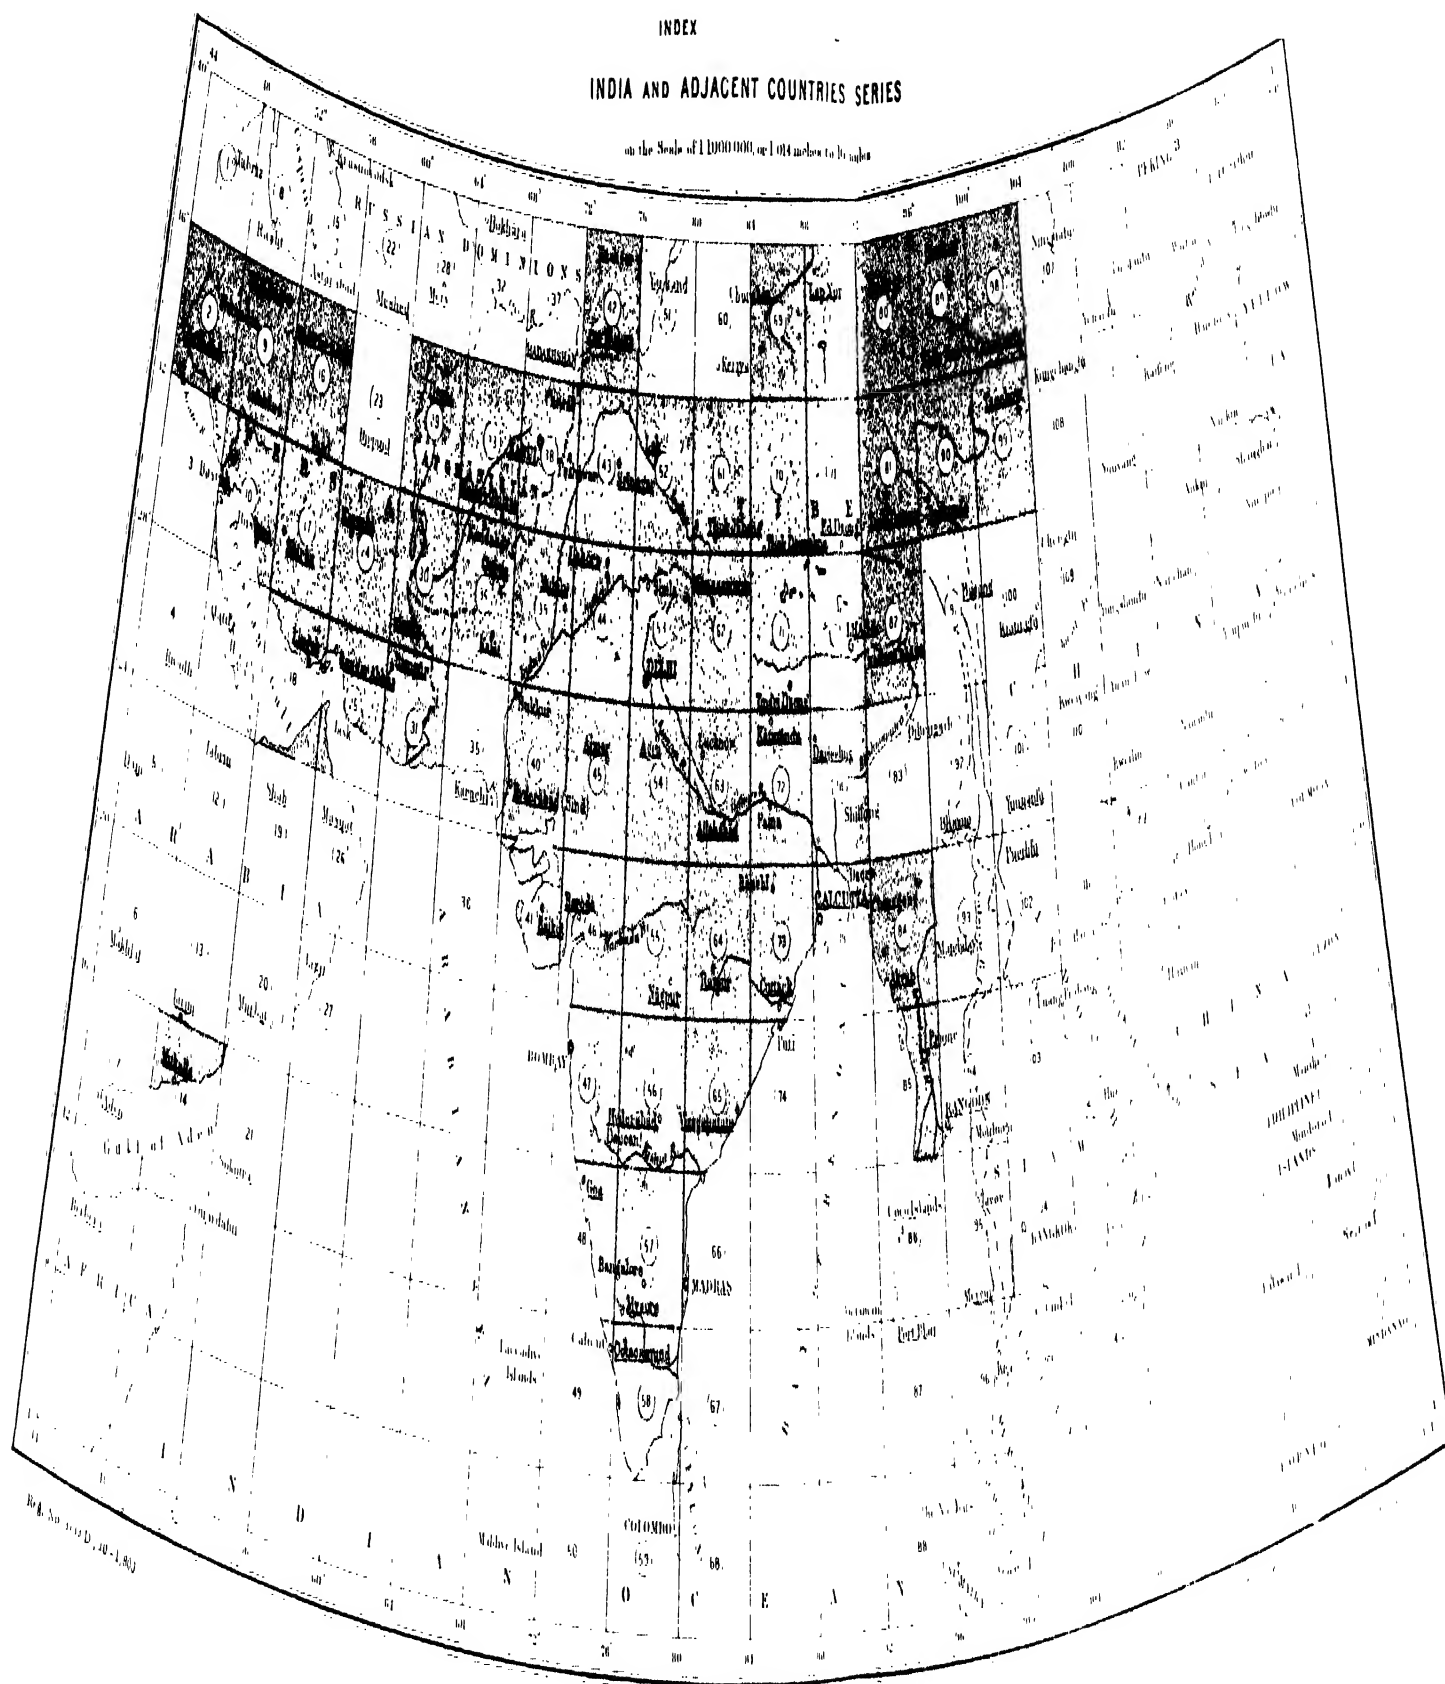

On sheets of the POLITICAL edition, colour bands are added to emphasize the
boundaries of administrative partitions.

On sheets of the LAYERED edition, altitudes are emphasized by graduated layers
of different colours. (colour bands along boundaries cannot be added on sheets of
this edition).

INDEX

INDIA AND ADJACENT COUNTRIES SERIES

on the basis of 1 000 000, or 1 014 molecules to 10¹⁰ nucleotides.

EXPLANATION.

- (1) LAYERED EDITION, printed in colours with contours and graduated layer tints to show altitudes and shading to emphasize the hills.
- (2) POLITICAL EDITION, printed in colours with colour ribbons along boundaries, contours (to show altitudes) and shading to emphasize the hills.
- (3) PROVISIONAL ISSUE, generally printed in black with hills in brown. Colour ribbons along boundaries are added by hand when required at an extra cost of 2 annas per sheet.

APPLICATION FOR MAPS SHOULD BE MADE TO OFFICER IN CHARGE MAP RECORD & ISSUE OFFICE, 13, WOOD STREET, CALCUTTA

FOREST MAPS ARE OBTAINABLE FROM THE Q.C. FOREST MAP OFFICE, DEHRA DUN (PRICES ON APPLICATION)

For a map on the $\frac{1}{2}$ inch Scale quote the number only, thus 48
 For a Degree Sheet ($\frac{1}{4}$ inch Scale) add the letter, thus 48 M
 For a Half inch Sheet add letter & quadrant, thus 48 M/4
 For a One inch Sheet add the letter & number, thus 48 M/18

At Special request hand-colouring of boundaries and detail can be added to uncoloured Provisional Issues or old maps, at an extra charge of 8 Annas or 1 Rupee respectively. The hand-colouring of maps involves delay and is inadvisable for large or urgent demands.

APPLICATION FOR MAPS
SHOULD BE MADE TO
OFFICER IN CHARGE
MAP RECORD & ISSUE OFFICE
13 WOOD STREET CALCUTTA

FOREST MAPS
ARE OBTAINABLE FROM
THE
FOREST MAP OFFICE, DEHRA DUN
(PRICES ON APPLICATION)

For a map on the 1/4 inch Scale quote the number only, thus 54
For a Degree Sheet (1/2 inch Scale) add the letter, thus 54 M
For a Half inch Sheet add letter & quadrant, thus 54 M/SE
For a One inch Sheet add the letter & number, thus 54 P/16

At Special request hand-colouring of boundaries and detail can be added to uncoloured Provisional Issues or old maps, at an extra charge of 8 Annas or 1 Rupee respectively. The hand-colouring of maps involves delay and is inadvisable for large or urgent demands.

Map No 55 of D. S. I.

FOREST
MAPS

The figure consists of two line graphs, (a) and (b), plotting the rate of reaction against temperature. Both graphs show a characteristic bell-shaped curve where the rate increases with temperature up to an optimum point and then decreases.

Graph (a) has a y-axis labeled 'Rate of reaction' ranging from 0 to 10 and an x-axis labeled 'Temperature / °C' ranging from 0 to 60. The curve starts at (0,0), rises steeply to a peak of approximately 9.5 at 40°C, and then falls to about 2.5 at 60°C.

Graph (b) has a y-axis labeled 'Rate of reaction' ranging from 0 to 10 and an x-axis labeled 'Temperature / °C' ranging from 0 to 60. The curve starts at (0,0), rises more gradually to a peak of approximately 6.5 at 40°C, and then falls to about 2.5 at 60°C.

Number of birds	Age	Sex
10	10	10

86	95
87	96

The diagram shows a 12-inch by 18-inch sheet of paper with the following markings and labels:

- Letter of the Degree Sheet:** A bracket on the right side of the top row of letters (M, N, O) points to them.
- Quadrant letters of the half-inch Sheets:** A bracket on the right side of the middle row of letters (P, Q, R) points to them.
- Number of the Sheet:** A bracket on the right side of the bottom row of letters (S, T, U) points to them.
- 87:** A large circle containing the number 87 is located in the center of the sheet.
- 12 in. by 18 in. Sheet:** A label at the bottom right corner of the sheet.
- Numbers of the one inch to one mile Sheets:** A label at the bottom right corner of the sheet, pointing to a small grid of numbers (1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12) located in the bottom right corner of the sheet.

- (c) *Cotton map of India*, prepared in the Department of Statistics, India, showing district by district the cotton area in India, in two sections, size 40 inches by 32 inches. Price per set Rs. 6. Mounted on cloth and folded in book form (with dissections) with stiffeners (limp covers) Rs. 3-14 extra; on cloth in book form with stiff covers Rs. 4-6 extra; and on cloth, fitted with rollers and varnished Rs. 5-2 extra.

Latest edition, 1918.

- (d) *Contour map of India*, in one sheet, size 41 inches by 33 inches. Price Rs. 1-8. Mounted on cloth and folded in book form (with dissections) with stiffeners (limp covers) Rs. 2-14 extra; on cloth in book form with stiff covers Rs. 3-6 extra; and on cloth, fitted with rollers and varnished Rs. 4-4 extra.

Latest edition, 1886.

SCALE 1 INCH TO 32 MILES.

This is the largest scale on which a wall map of India can be conveniently constructed.

The map is published in 12 sections in the following editions. Size of each section 25 inches by 33 inches. Mounted each section separately on cloth and folded in book form (with dissections) with stiffeners (limp covers) and fitted in a case Rs. 20 extra; mounted on cloth, all sections joined together, fitted with rollers and varnished, Rs. 17 extra; and in book form in limp covers Rs. 14-13 or in stiff covers Rs. 15-13.

1. (a) *Layered edition*.—This edition is printed in colours, that is to say, the outline is in black, permanent water in blue, hills shown by contours in brown and graduated layer tints to show altitudes and shading to emphasize the hills. Price Rs. 12.

Latest edition, 1917.

(b) *Political edition*.—This edition is also printed with hill shading black, contours brown. The Political boundaries are shown with ribands of colour and flat washes of different colours to distinguish between British and foreign possessions and Native States. Price Rs. 12.

Latest edition, 1915.

(c) *Uncoloured edition*.—This edition is printed in black only and does not show the hills. Price Rs. 6.

Latest edition 1915.

2. *India (skeleton) showing railways and stations* in 6 sections, size per section 44 inches by 30 inches. Price per set Rs. 8 coloured. The charges for mounting are as above.

Corrected to 31st March 1916.
